

## REPORT FROM THE INTERNATIONAL OFFICE – 2021 ACTIVITIES

***"The mission of IPPS, with a focus on the global community of those involved in horticultural plant production, is to share knowledge, information, and skills; to provide guidance and support for lifelong career achievements; to increase recognition of the profession; and to maximize the integration of research, education, and horticultural knowledge."***

Two-Thousand Twenty-One saw the International Board of Directors continue to adapt to the changing worldwide pandemic caused by Covid-19. The new website was launched and a few regions were able to hold in-person events once again. India was very interested in becoming a new region of IPPS and the Board continues to pursue this avenue to expand the reach of the organization.

Regional membership declined, likely due to the pandemic and the lack of in-person events and networking. With more regions being allowed to host in-person events, we expect these numbers to return to pre-pandemic levels.

The Proceedings are still being presenting as a digital format on the website, with Curran Publishing being contracted to print the Proceedings for members, especially those in North America.

There was no International Tour in 2021 and the next planned International Tour will be hosted by the Southern Region of North America in 2023.

### **MEMBERSHIP**

Membership numbers for 2021 (as of June 1, 2021) are listed in the table below. Total paid membership decreased by 135 members (an 11.85% decrease), although student memberships increased by 4 students. The membership decline is likely due to the effects of Covid-19, as well as one region which lost over 46% of their membership. This, and other regions, have started a larger push from their secretaries to contact previous members for renewal for future years. This will hopefully allow membership numbers to return to pre-pandemic levels.
