

IPPS Scandinavia

CONFERENCE 2006

14 & 15. september 2006 at Dansk Gartneri, Hvidkærvej 29, Odense SV

The Main Theme is: **Hygiene in vegetative propagation**

Program:

Th. 14

08.30 Registration - Coffee

09.00 Welcome

09.15 – 12.00 Lectures

12 -13 Lunch

13 – 17 Excursion

18 Dinner

19.30 Dinner speech

21.00 Business meeting of the Scandinavian region

Fr. 15.

08.30 Breakfast at hotel

09.00 – 12.00 Lectures

11.30 - 13 Lunch

13- 15 more lectures

16.00 farewells

Program Details:

Thursday September 14.

08.30 - 09.00 Registration with coffee

09.00 – 09.10 Welcome by the President of IPPS Scandinavian Region,
Consultant Marianne Bachmann Andersen

09.15 – 10.00 Senior Researcher at Danish State Plant Protection Unit, Dr. Charlotte Thrane: **Bacterial diseases prevalent during vegetative propagation.**

10.00 –10.30 Plant pathologist Bent Loeschekohl PKM Nurseries, Odense: **Fungal diseases as a threat to successful propagation in greenhouses and ways to avoid or combat them.**

10.30 – 11.15 Professor Elisabeth Johansen, Danish Agricultural Research Institute and Royal Vet. and Agricultural University Copenhagen: **Virus diseases are more than bird flu.**

11.15 – 11.45 Professor T. Yamamoto, Minami-Kyushu University, Japan:
Regeneration of *Farfugium japonicum* through adventitious shoot formation from leaf and petiole explants.

12.00 – 13.00 Lunch

13.00 – 17.00 Excursion – Ove Nielsen Nurseries – Rosanova, Allested.

18.00 Dinner at Hotel Scandia.

19.30 – 20.00

Dinner speech by Peter Ørum: Reflections on a Life in Horticulture

20.30 Business meeting of the Scandinavian Region of IPPS.

Friday September 15

08.00 Breakfast at hotel

09.00 – 09.45 Senior Scientist John Larsen, Flakkebjerg Research Center, Danish Agricultural Research: **Mycorrhiza and plant health, especially during propagation.**

09.45 – 10.15 Rune Nielsen, Mgr. Dalina breeding, Odense. **Practical applications of good hygiene standards in propagation nurseries.**

10.15 – 10.30 Coffee break

10.30 – 11.00 Axel deLasson, Mgr. **Water treatment with Cu ions as precaution against water borne diseases.**

11.00 – 11.30 Lene Jakobsen, PhD student, Royal Vet. and Agricultural University, Horticulture, Tåstrup: **Optimal conditions for insects in the propagation.**

11.30 - 13.00 Lunch

13.00 – 13.45 Dr Scient Brita Toppe, Bioforsk, Plant Health and Protection: **Induced resistance against plant pathogens in ornamental plant propagation.**

13.45 - 14.15 Assoc. Professor Sridevy Sriskadarajah Royal Vet. And Agricultural University Copenhagen: **Hygiene problems in tissue culture propagation.**

14.15 – 14.30 Pause

14.30 – 15.15 Senior research officer Hanne Lindhard, Danish Agricultural Research Horticulture dept. Årslev. **Hot water treatment of woody cuttings.**

15.15 – 15.45 Kai Lønne Nielsen, PhD, Head of research dept, Knud Jepsen Nurseries, Hinnerup, DK.: **CO₂ treatment as means of reducing insect pests on cuttings.**

Concluding remarks by Marianne Bachmann Andersen
